## Profile

Frontend Developer / Web Developer with experience creating modern, responsive, and user-focused interfaces. I mainly work with React, Next.js, TypeScript, Tailwind CSS, and modern development tools. I have experience building websites, dashboards, admin panels, and digital experiences for industries such as real estate, clinics, local businesses, and web platforms.

## Skills

React, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, Bootstrap, Framer Motion, Git, Figma, UI/UX, responsive design, API integration, MySQL, SQL Server, Prisma, basic Node.js, and generative AI tools such as ChatGPT, Claude, and Cursor.

## Experience

### **Web Developer** – *Freelance (aug 2025 - Present)*

- Developed modern and responsive websites using React, Next.js, TypeScript, and Tailwind CSS.
- Created digital experiences for industries such as real estate, dental clinics, and local businesses.
- Built interfaces, landing pages, digital catalogs, and admin panels.
- Used generative AI tools such as Claude Code, DeepSeek, and Cursor to accelerate prototyping, development, and problem-solving.

### **Junior Software Engineer** – *Coatzacoalcos Community Hospital (aug 2024 – dec 2024)*

- Built a patient management dashboard using React, Tailwind CSS, Express, and MongoDB, including a Dialogflow chatbot and interactive Chart.js visualizations.

### **Junior Software Engineer** - *Happy Software (aug 2022 – aug 2023)*

- Developed and maintained web applications using JavaScript, HTML, CSS, and Tailwind CSS.
- Designed user interfaces in Figma and collaborated with cross-functional teams.
- Integrated applications with MySQL and SQL Server databases.

## Educación

- Computer Systems Engineering, ITSC Coatzacoalcos, Ver, México (jan 2020 - dec 2024)

## Idiomas

Spanish (native), English (C1).
